

In Year 2

DIFFERENT JOBS IN THE COMMUNITY

This week Year 2 have been learning about different jobs in the community during Work Week. We have had 3 different workshops to hear about varying jobs. The first was with the Dogs Trust! Unfortunately the doggie was poorly but the lady still informed us about what the Dogs Trust do and what her job involved. After this we had a workshop called EcoActive in which we learnt about why it is important not to waste food and how we could help to save food waste and recycle. We got to plant our own beans and hold worms! We learnt that worms are essential for making compost.

The workshops have made us think about what we would like to achieve when we grow up and the jobs we would love to have!
