

In Year 4

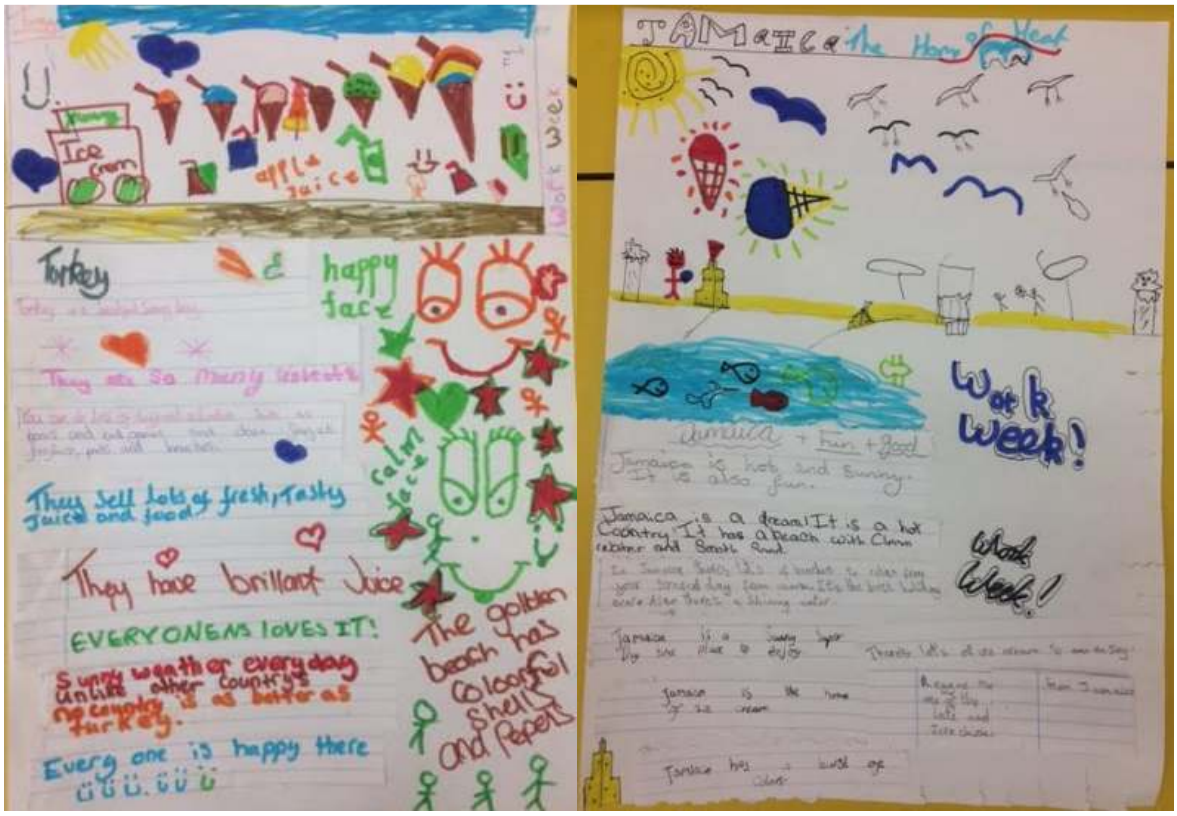

LITERACY AND NUMERACY AT WORK

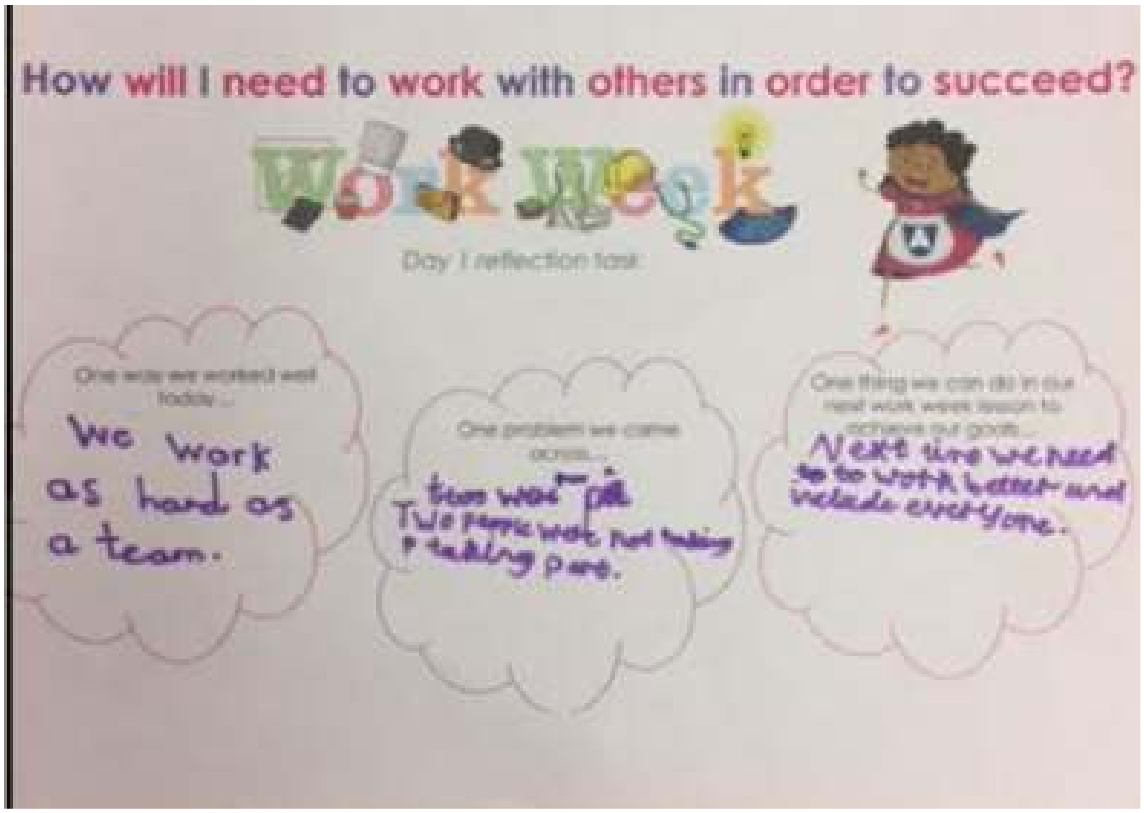

During work week Year 4 focussed on Literacy and Numeracy at work. We investigated all the different types of jobs that needed these skills and how important they were. We thought about what we were currently learning in these subjects and how it will help us in the place of work. Within our lessons we had a core focus on group work. Our ASPIRE learning objective this week was all about how collaboration is essential for achievement. We got to experience that first hand! Each lesson we had a group task like creating a bridge out of lolly sticks using mathematics or creating a group travel review using english skills. Within these lessons we evaluted our group work and our professionalism! Each group task we tried to work harder on our collaboration skills to reach the goal!

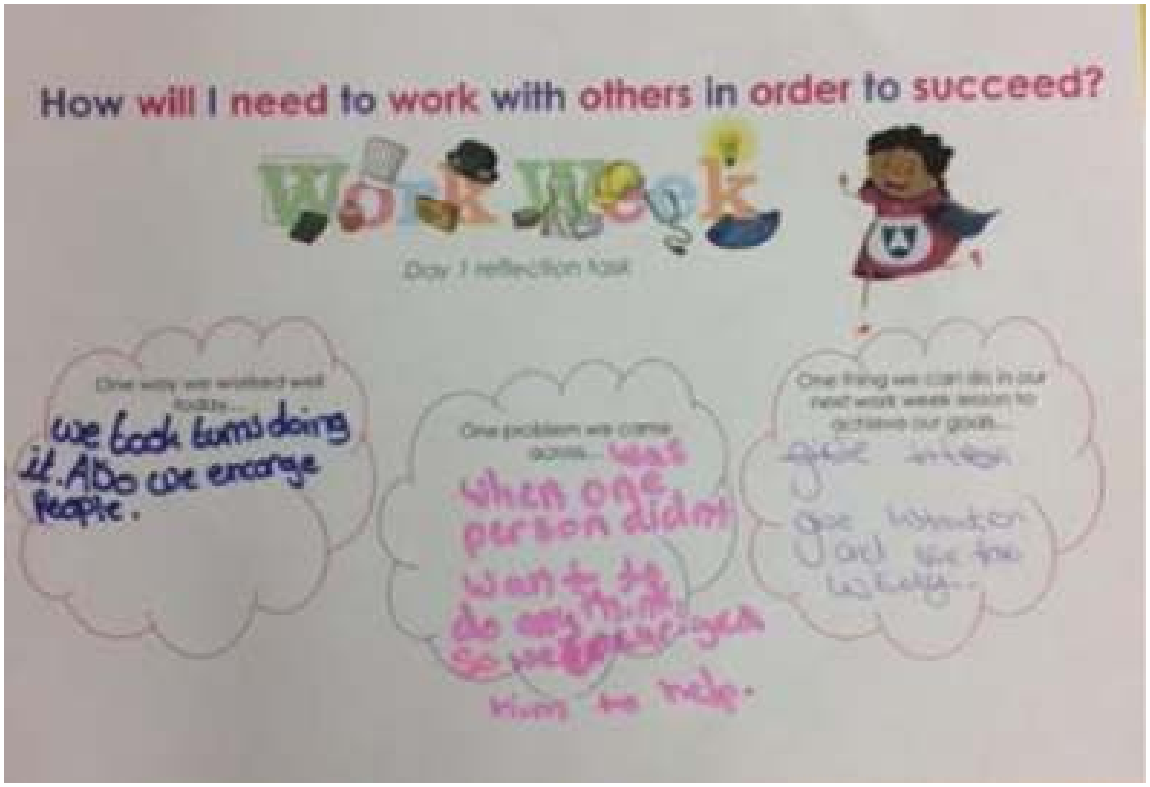

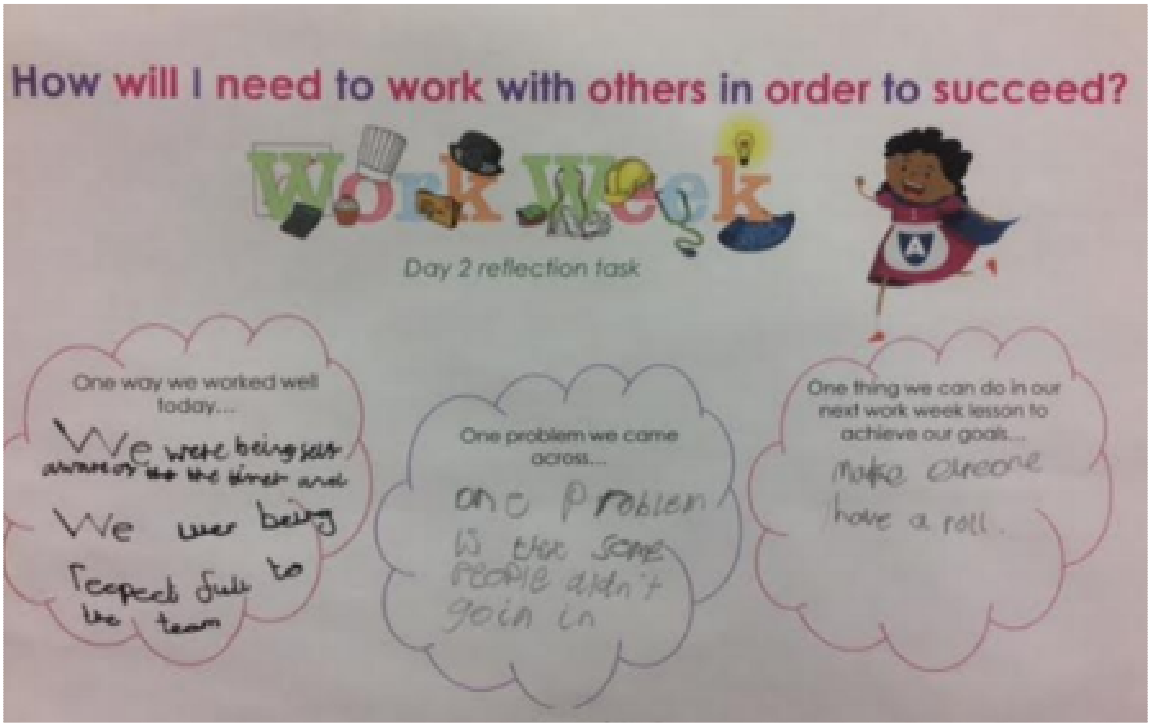

Turkey
happy face
They sell lots of fresh, tasty juice and food
They have brilliant Juice
EVERYONE LOVES IT!
Sunny weather everyday unlike other countrys no country is as better as turkey.
Every one is happy there
The golden beach has colourful shells and Pebbles
JAMAICA the Home of Work Week!
Work Week!
Jamaica is a dream! It is a hot country. It has a beach with Clear water and Smelt Sand.

How will I need to work with others in order to succeed?
Work Week
Day 1 reflection task
We work as hard as a team.
Next time we need to work better and include everyone.

How will I need to work with others in order to succeed?
Work Week
Day 1 reflection task
One way we worked well today...
We took turns doing it. Also we encouge people.
One problem we came across...
was when one person didnt want to do any thing so we
listen to help.
One thing we can do in our next work week lesson to achieve our goals...
give ideas
go faster
and be the helpful

How will I need to work with others in order to succeed?
Work Week
Day 2 reflection task
One way we worked well today...
We were being safe
We were being respectful to the team
One problem we came across...
one problem is that some people didn't join in
One thing we can do in our next work week lesson to achieve our goals...
make everone have a roll.

On our trip we went to Wahaca in upper street. We made guacamole and mocktails! We learnt all about the pressures of a working environment and how the team had to work together to be successful. We learnt about the importance of positive communication in a place of work.

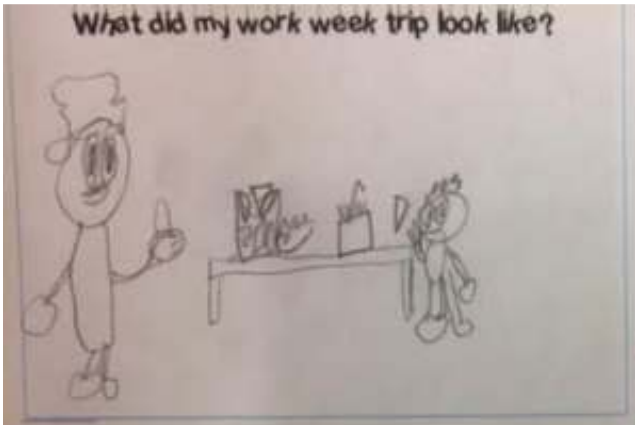

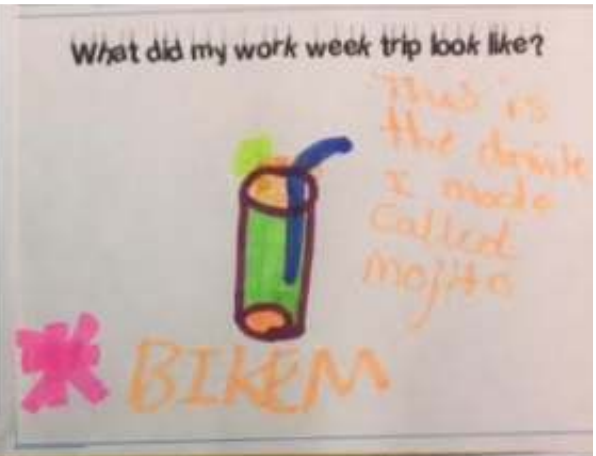

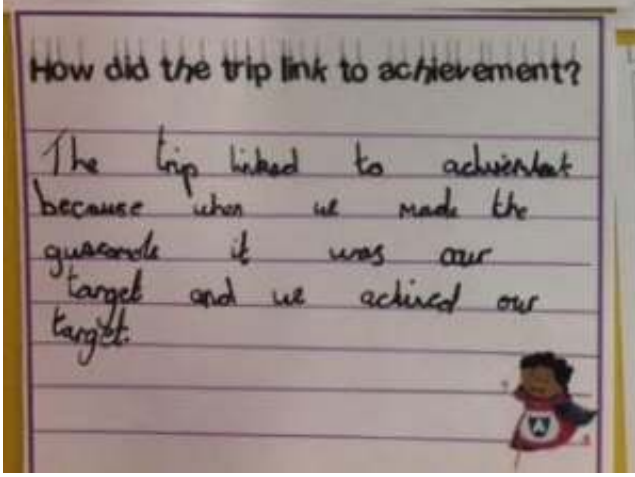

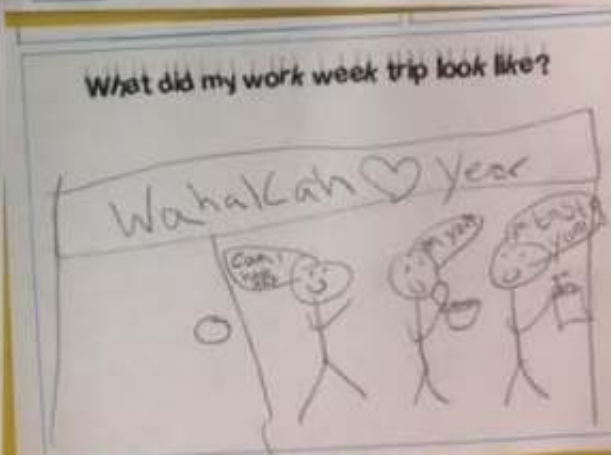

What did my work week trip look like?

What did my work week trip look like?
This is the drink I made called mojito
BIKEM

How did the trip link to achievement?
The trip linked to achievment because when we made the guacamole it was our target and we achived our target.
