How to make recycled paper!

You will need:

- A towel (To prevent the floor from being wet or dirty)
- A bowl
- A jug of water
- Little ripped pieces of paper
- Electric mixer
- A box
- 2 pages of a Comic book

1. Put little pieces of paper into a bowl
2. Add water to the bowl
3. Use an electric mixer and mix the paper up
4. Put the dissolved paper in a strainer.
5. It will look like this:

6. Leave it to dry.

7. When it is dry it will be new paper!
