

The Shoreditch Park Scoop

Tower Bridge

This week, Year 5 got to visit the iconic Tower Bridge, the final bridge on The River Thames in the East of London. We were lucky enough to have amazing weather and were treated to astonishing views of all the monuments, from The Shard, The Tower of London, The London Eye and The Gherkin. We learned all about the history of the bridge, how it used to be powered by coal and steam, how it was built and also about how a bus driver managed to jump over it when it failed to close. After our trip, we had a lovely sunny picnic on the South Bank as we looked back up at The Bridge.

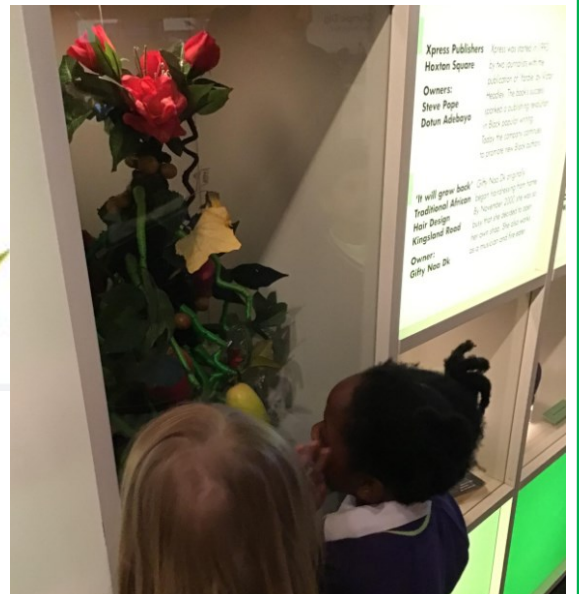

Year 3 visit to Hackney Museum

Today, pupils in Year 3 visited the Hackney Museum to learn about local history through their "Suitcase Stories" workshop. The museum is full of interesting artefacts that tell us lots about people who have moved to Hackney over the years from a diverse range of places.

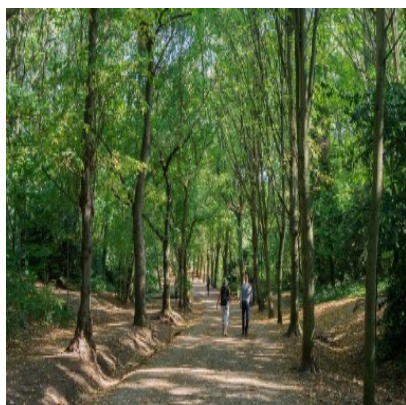

To begin the trip, pupils were given a photograph of something in the museum and were tasked with exploring the museum to find what was in their photo.

Together, our tour guide, Maisie, took us through what we had planned for the afternoon. We went through somebody's "suitcase", full of interesting possessions that belonged to them from a long time ago. These would include letters, items of clothing, tools that they would use for their jobs, diary entries... we then had to decide what we thought this person's story might be from their suitcase, guessing where they came to Hackney from, what they did for work and why they left in the first place. We then split into groups and took turns looking through other suitcases around the museum.

Year 2 Hampstead Heath

This week Year 2 went on a trip to Hampstead Heath to learn all about habitats. We went pond dipping and woodland searching and found a range of incredible creatures. Our Hampstead Heath trip leaders were amazing at teaching us fun facts and encouraging us to be brave and hold different bugs.

Spanish at Shoreditch Park

In Spanish in Year 1 we used our previous knowledge of the numbers and the vocabulary we have learnt this half term about the parts of the body to create these very scary **monstrous**!

In our Spanish after school club we designed these imaginative and colourful towns using all of the vocabulary we have learnt about mi ciudad (my town).

Rights Respecting

This week's Children's Rights Article of the Week is Article 24. Chayce, one of our Rights Respecting Pupil Representatives has written a little about what he knows about Article 24:

"Article 24 says that every child has the rights to health, water, food, and environment. This is an important right because everyone deserves healthy foods, clean water, and to be healthy. Children deserve to have shelter and warm meals. Food is essential because it makes us feel good and nourishes not only our physical health but our mental health too. Food can make us feel happier. An environment that is healthy also allows children to feel safe and

maintains good mental health. Article 24 is an important article for positive mental health."
