Year 4 visit to the Science Museum

On Monday Year 4 had a fantastic time at the science museum, where they were able to explore the wonders of engineering in the form of a technician lab. Children were able to have a go at different activities such as operating lighting decks...as well as witnessing the exciting experience of the Wonder lab! The children enjoyed watching and participating in a variety of experiments for example around sound and forces.

SCIENCE MUSEUM

Nursery

This week in Rosen Class, we explored Nigeria for Black History Month through a variety of sensory and creative activities. We began by learning about the Nigerian flag, using different materials and textures to recreate it. Next, we read *The Wild Fluffalump* to help us identify animals native to Nigeria. We then practised yoga poses inspired by these animals, made animal masks, and recreated the savannah by mixing yellow cornflour! In the malleable area we experienced the texture of pounded yam by mixing flour and water, and created cotton trees using cotton wool. We also enjoyed dancing and drumming to Afrobeats, practicing clapping and moving to the rhythm and have spent plenty of time outdoors climbing, building, and engaging in messy play, all of which contributed to our physical development!

Reception

The children in Reception class have had a delightful week discovering lots of fantastic activities in their classrooms!

Reception class were very animated when reading our core text, 'So Much' by Trish Cook! The children learned new vocabulary and shared their ideas about who might be behind the door. The children continued to develop their creative skills as they made beautiful artwork, creating flags for Black History Month and using pin boards to represent the Nigerian flag!

We also had our first trip to the library where the children were able to look at different books and the Librarian read us all a story. It's been a lovely week, and we are so proud of Reception. We can't wait to see you all next week!

Rights Respecting School

The article of the week this week is Article 3—adults must do the best for me.

- When adults make decisions, they should think about how it affects children.
- Adults must do what is best for their child.
- Adults should make sure that children are protected and cared for.

Art Week

It has been great to see so many budding artists taking part in Art week. The focus has been self-portraits and every year group has had a different artist or style to study alongside this theme. Please ask your child to tell you all about it! All pupils have been learning how to appraise art work using vocabulary such as: colour, style, composition and emphasis.

Year 1 have looked at the work of Alma Thomas, Y2 Gee's Bend, Y3 Yinka Llori, Y4 William Morris, Y5 Basquait and Y6 Frida Kahlo. We cannot wait to show you all the finished pieces at our gallery evening at the end of the Autumn term — this will take place on parents evening on December 5th.

Bridge Academy Students

On Monday we were lucky enough to have students from Bridge Academy perform a fantastic musical show for us during our assembly. A band of Year 9 students playing electric guitar, bass, keyboard and drums performed for us, followed by a sixth form pianist. After the performance, KS2 pupils had the opportunity to ask questions and give feedback. More students are visiting us next week and we look forward to visiting Bridge Academy to take part in lessons ourselves.
