

The Shoreditch Park Scoop

Fairy Tales!

This week our reception children were lucky enough to enjoy an awe-inspiring Fairy Tale themed workshop with Ruth from the Little Dance Company. We have been learning about a range of fairy tales in our lessons recently and the children loved participating in the workshop!

Nursery

This week in Rosen class, we explored our new text *Chicka Chicka Boom Boom*. We joined in with the repeating phrases, sang the alphabet song and acted out the letters climbing the coconut tree like in the story. We also identified sounds, especially the initial sounds in our names and thought of other words beginning with those letters. We also created repeating action patterns like “jump, jump, spin, spin” and shared them with the class.

Our creative activities included decorating letters from the story, making glitter pine cones and painting shapes using pencils attached to toy cars. We also scooped oats in our ice cream shop, made juice with real fruit and ice, mixed colours and created worms from clay. At the end of the week we decorated paper plates which we used as tennis rackets outside to strengthen our gross motor skills.

In Maths, we recited numbers beyond 20, played “one more, one less” up to 10, sorted bears into numbered buckets and went on a number hunt. We also spent time each day sharing the things we had made and explaining how we made them!

Year 2

Year 2 had a fantastic time on our trip to the Natural History Museum! We learned all about pond habitats and the amazing creatures that live there. The highlight of the day was pond dipping, where we carefully used nets to see what we could find in the water. We spotted things like water snails, tadpoles, and pond skaters! It was a fun and exciting way to learn more about nature and how to take care of our local wildlife.

Year 2

Pupil Voice

Last week, our Green Team visited the local park to pick up litter and help care for our environment. We're happy to report there was less rubbish than before, but we still found lots of small pieces of litter like wrappers.

These tiny bits may seem harmless, but animals often mistake litter for food, which can make them very sick. Please remember to always use the bins or take your litter home with you.

Right Article of the Week

Children have the right to be protected from doing work that is dangerous or might stop them from going to school or harm their health or development.

- Children should not be forced to work in unsafe or unfair jobs
- Work that is too hard, too long, or unsafe can harm a child's body or mind
- Every child has the right to education, play, and rest -work should never get in the way of those rights

Year 5—Bridge Academy

This week our Year 5 children returned to Bridge Academy for a fantastic experience using their music facilities!

Attendance

Class	Attendance %
Rosen AM	100.0
Rosen FT	83.3
Donaldson	92.4
Browne	97.3
Grey	92.4
Deacon	94.1
Jeffers	98.7
Hoffman	90.3
Briggs	92.3
King-Smith	93.6
Almond	93.8
