

The Shoreditch Park Scoop

Being

a Responsible Global Citizen

At Shoreditch Park Primary School, we are learning how to be kind, thoughtful, and helpful not just in our classrooms, but all around the world! That's called being a **responsible global citizen** — and yes, even children can make a BIG difference!

What Is a Global Citizen?

A global citizen is someone who cares about people, animals, and the planet — no matter where they live. They learn about what's happening in the world and try to help make it better.

Why It's Important

The choices we make every day — like turning off lights to save energy or saying no to plastic — can help protect our Earth. Being fair, respectful, and helpful to others makes the world a kinder place for everyone.

What we are doing at school

- PSHE lessons: We have been exploring what it means to be a responsible global citizen.
- Assemblies: Learning about topics such as 'Fairtrade'.
- Green Team: Committed to making our school more environmentally friendly.
- Rights Respecting Steering group: Raising awareness around children's rights
- Eco schools project

What you can do

- Be aware of what is happening in the world
- Be curious about the world and want to find out more
- Respect and celebrate differences throughout the world
- Respect and protect the global environment
- Promote sustainability
- Have a global mindset – know all people have the same rights, wherever they are in the world and live in a way which respects these rights.

Nursery

This week in Rosen Class, we concluded our topic 'Creative Me' by exploring *The Dot*, a story about trying new things and building confidence! In literacy and circle time, we talked about the main character, Vashti, describing how she changed from the beginning to the end of the story. We encouraged each other through role play and used puppets to model perseverance. Children also shared storybooks from home and described their favourite parts in full sentences.

In maths, we explored 3D shapes and their real-life connections, practised counting and comparing groups, and used the song *Five Currant Buns* to explore 'one less'. We also matched beads to Numicon and counted ladybird spots during our choosing time.

We also took part in hands-on activities such as predicting and observing a vinegar and

baking soda experiment and exploring textures using homemade sensory balloons.

In the creative area we made art inspired by *The Dot*, decorated paper plate fish, created flower pictures and superhero puppets, explored messy play with shaving foam and textured materials and painted using balloons!

Year 2 Fire Safety Workshop

This week, Year 2 had a visit from LFB- London Fire Brigade. We learned about the different emergency services and how they keep us safe and what we should do when we need help. We discussed how to make sure we are safe at home with our families to prevent a fire.

Year 5—Into University

This year, Year 5 have been visiting Into University in Haggerston to explore potential career opportunities and to research the options available to us. This visit, we looked at astronomy and had a wonderful time!

Healthy Schools Gold!

We are delighted to share that Shoreditch Park Primary have been awarded the Healthy Schools Gold Award! A huge congratulations to the team in their efforts in ensuring we are active and healthy!

MAYOR OF LONDON

Awarded to:

Shoreditch Park Primary School

Date:

March 2025

For your outstanding contribution to
improve wellbeing in your school

Sadiq Khan
Mayor of London

Right Article of the Week

You have the right to meet with friends, join groups, and take part in peaceful activities.

That means you can:

- Be part of school clubs, teams, or groups (like sports, music, or School Council)
- Spend time with friends
- Join together with others to share ideas or help make things better — as long as it's peaceful and respectful

When you work and play with others, you learn to cooperate, share ideas and make a difference. This helps you grow into a kind, active, and caring global citizen.

Parental Engagement Summer 1 2024/2025

Parent workshops (open to whole school)

23rd April, 9-10am- Autism parent group
