10th November 2025

Dear Reception and Year 1 parents,

We are delighted to let you know that your child's class will be taking part in a special Teddy Bear Clinic session, run by a visiting team from Queen Mary's University who deliver fun and interactive health education workshops in local primary schools.

Children are invited to bring in their own teddy bear/soft toy for a medical and dental check-up. Through this imaginative and hands-on activity, children will learn about the importance of looking after their health and teeth as well as understanding that doctors and dentists are friendly and here to help us stay healthy.

Please see below for the date your child's class will take part:

- Reception: Tuesday, 19th November
- Year 1: Tuesday, 10th December

We kindly ask that each child brings a soft toy in on the relevant date. The toy will be involved in the activities and will return home the same day.

We are very excited for this enjoyable and educational experience, which will help to build children's confidence and awareness around health in a fun and reassuring way.

Thank you for continued support.

Claire Deegan

Deputy Headteacher
